## Local Channel Options:

EliteIPTV Hosting App (installed)

### LIVE TV

On your Firestick there is an IPTV hosting service that features channels from North America, US, and Canada specifically. You also get your package channels for major sports like NBA, MLB, NFL, NHL, and PPV. There are also 24/7 channels for various categories, as well as on-demand entertainment.

***IPTV services are known to change server owners from time to time. If your service stops working for more than 7 days you may need to sign up for a new one. These services run between \$15-\$30 a month. The most current services can be found here: <https://troypoint.com/iptv/>***

Click on the eliteIPTV icon to open the app from the Firestick 'HOME' menu

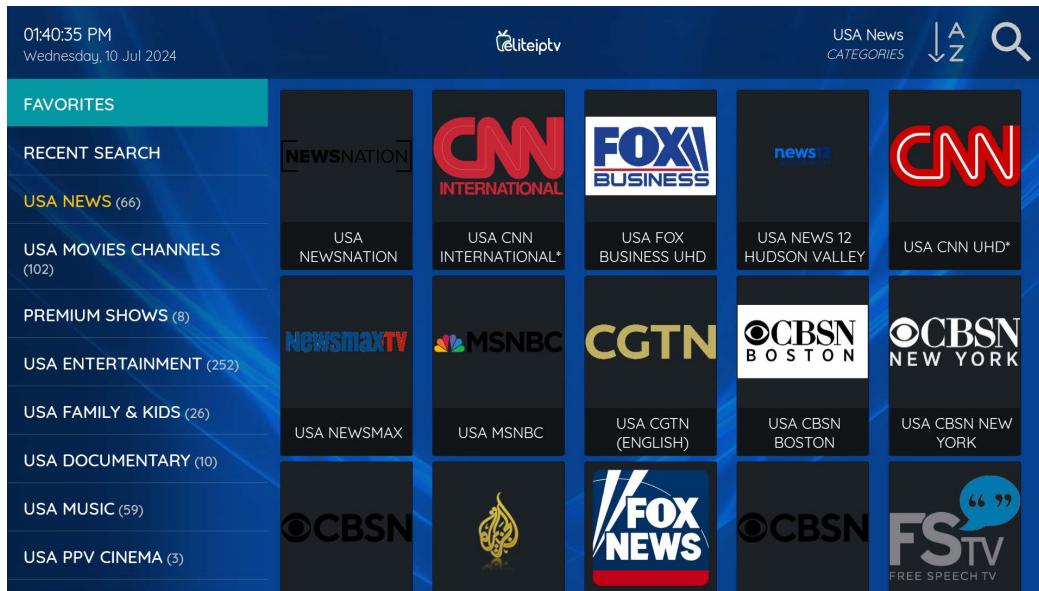

# FIRESTICK INSTRUCTIONS

The main menu on the eliteIPTV hosting app allows you to select live TV or TV Guide. Multi allows you to select a multiple screen layout to display more than one channel/show at a time.

# FIRESTICK INSTRUCTIONS

Once you click on Live TV it will take you to the Channel guide.

To add to Favorites hold down the larger (inner-circle) of the Amazon remote. This helps with building a listing of local channels you may access regularly.

The top right features the Elite IPTV logo. The main area is a grid-based EPG table. The columns are labeled 'FAVORITES', 'USA NEWS', 'USA MOVIES CHANNELS', 'PREMIUM SHOWS', 'USA ENTERTAINMENT', and 'USA FAMILY &amp; KIDS'. The 'USA MOVIES CHANNELS' column is currently active. The rows represent different movie channels: USA RETROPLEX EAST, USA RETROPLEX WEST, USA CINEMAX 5 STARMAX, USA CINEMAX ACTION MAX, USA CINEMAX ACTIONMAX, USA CINEMAX EAST\*, USA CINEMAX EAST UHD\*, and USA CINEMAX MOREMAX. The table shows movie titles and runtimes for specific times: WED 01:00 PM, WED 02:00 PM, and WED 03:00 PM. For example, USA RETROPLEX EAST shows 'The Million Dollar Hotel' at all three times, while USA CINEMAX EAST\* shows 'Now You See Me' at 01:00 PM and 'Ted 2' at 02:00 PM and 03:00 PM.
